# Traffic Engineering

## INDEX, VOLUME XX

### October 1949 — September 1950

**Compiled by Martin C. Stark, Assoc. Technical Editor**

### ARTICLES

ADMINISTRATION
- City Traffic Administration 156
- Traffic and Highway Planning for the New York-New Jersey Metropolitan Area 348, 379, 415
- Traffic Engineering and Highway Administration 303
- A Traffic Safety Coordinated Program 193

CONTROL DEVICES AND METHODS
- Channelizing a Heavy Traffic Artery 425
- Effectiveness of Lane Markings on Urban Turning Movements 394
- Facilitating Traffic Flow With One-Way Streets 19
- How Essex County, N. J., Is Dealing With Its Traffic Problem 417
- An Investigation of Lane Markings on a One-Way Street 122
- Motorists' Reaction to Portable School Signs 120
- Ohio Pavement Striping Equipment 17
- One-Way Street Experience of Cities 153
- The Public Saves a Traffic Plan 459
- San Francisco's New Street Signs 471
- A Small City Favors One-Way Streets 355
- Some Common Municipal Traffic Problems and Their Solution 422
- Traffic-Actuated Signals Had Premier in Baltimore 129
- Traffic Signal Control in the City 309

ILLUMINATION AND VISIBILITY
- Highway Design and Night Driving Visibility 345
- Modern Street Illumination 231
- Polarized Light for Auto Headlights 265, 384

PARKING AND TERMINALS
- Driver Characteristics in Parallel Parking on One-Way Streets 276
- The Effect of an Off-Street Parking Garage as a Traffic Generator 158
- Miami Beach Solves Parking Problem 307
- Off-Street Parking Program in Pittsburgh 71
- Parking Planning and Action in Port Huron, Mich. 466
- The Stability of Results of a Parking Survey 234
- A Study on Taxicab Stands 80
- Truck Loading Facilities as Related to Parking 189

STREETS AND HIGHWAYS
- How We Can Pay as We Ride on Wall Street Turnpike 393
- The Long Island State Parkway System 381
- New Jersey's Answer to Its Traffic Problem 349
- New Jersey Turnpike Serves Interstate Traffic 382
- New York City's Arterial Program 379
- New York State Meets the Needs of Today's Motor Transportation 351
- Pennsylvania's 350-Mile Expressway System 462
- South's First Toll-Free Tunnel 305
- Traffic Planning the New Jersey Turnpike 268
- What Per Cent of Highway Construction Costs Should Be Paid by the Federal Government? 229

SURVEYS AND STUDIES
- Capacity Determinations Simplified 117
- The Capacity of a Highway 420
- Ground Transportation Terminal Facilities at Airports 195
- Pass on the Left, Drive on the Right 314
- The Postcard Method of O. and D. Surveys in New York State 341
- San Francisco Bay Vehicular Crossings 9
- Ten Steps in Research 25
- Urban Intersectional Right-Turning Movements 29
- Winter Traffic Survey Problems in the Small City 273

TRAFFIC ENGINEERING
- The Need for Public Relations in Traffic Engineering 343
- The Place of the Engineer in Highway Safety 464
- Traffic Engineering Problems in New York City 415
- Traffic Engineer's Quiz 171

TRANSIT
- Downtown Parking Vs. Public Transit 387
- Help Yourself—to Help From Public Transit 271

TRANSPORTATION
- Highway Traffic and Operating Problems Involved in Truck Transportation 74
- Regional Transportation and Terminal Planning for the New York-New Jersey Metropolitan Area 418
- Transportation Progress in Modern Italy 77

UNCLASSIFIED
- Accident Prevention in the Trucking Industry 237
- An Electronic Volume Counter 469
- Highway Planning Symposium, Part III: Trucking Viewpoint 15

### NEWS ITEMS

ACCIDENTS
- Dark Streets Are Dangerous 85
- Record of Teen-Age Drivers Improving (Letter to Editor) 4
- Requests Particulars on Night Accidents (Letter to Editor) 184
- Small Portion of Street Mileage Accounts for Night Accidents 403

ADMINISTRATION
- City Traffic Administration (Letter to Editor) 261
- Erection of Traffic Signals in Britain (Letter to Editor) 184
- The First State Highway Department 407
- Highway Planning and Administration Get Attention 468
- Memphis Creates New Traffic Advisory Commission 58
- New Responsibilities of State Highway Department in Washington (Letter to Editor) 68
- Organization of New Traffic Engineering Department in Providence (Reference Notes) 131
- State-City Relationships in Highway Affairs (Review) 476

CONTROL DEVICES AND METHODS
- Accidents Reduced 60% at Fifteen Intersections (Getting Results Through Traffic Engineering) 365
- Channelizing for Safety (Getting Results Through Traffic Engineering) 91
- Design for Highway Delineator (Open Discussion) 169
- Display of Modern Traffic Controllers (Picture) 326
- Double-Face Stop Sign (Reference Notes—Open Discussion) 318, 429
- Elaborate Directional Signs Featured in Cover Photograph (Letters to Editor) 225
- First Traffic Actuated Signals (Letters to Editor) 261, 337
- Greater Street Capacity (Open Discussion) 392
- Highway Delineators (Open Discussion) 205
- Illuminated One-Way Sign Cabinet (Reference Notes) 279
- Improved Islands Reduce Accidents (Getting Results Through Traffic Engineering) 209
- Improved Signposting (in Britain) 401
- Island Redesigned for Pedestrian Safety (Getting Results Through Traffic Engineering) 245
- Lake Shore Markers Available 282
- Lane Markings on a One-Way Street (Letter to Editor) 261
- Louver Installation for Traffic Signal Heads (Reference Notes) 428
- Merits of Various Types of Grade Crossing Protection (Reference Notes) 357
- Michigan Re-Signing Program (Reference Notes) 240
- Modified Hammond Interchange (Open Discussion) 241
- More and Better Guard Rails 246
- Need for Reconsideration of Staggered Hours (Editorial) 377
- New Type Street Name Sign Saves Money for Chicago Taxpayers 482

New Type Traffic Markers 214
Off-Center Lane Marking (Reference Notes) 470
Our Traffic Lights (in Britain) 82
A Plan for A-Bomb Defense 465
Plastic Discs Used in Portland, Ore. 447
Plastic Highway Markers 59
Portland, Ore., Inaugurates One-Way System 320
Positive Signal Control (Reference Notes) 166
Safeguarding an Underpass (Getting Results Through Traffic Engineering) 321
Signal Standardization Cuts Accidents (Getting Results Through Traffic Engineering) 138
Sketch of Proposed Interchange (Open Discussion) 132
Stop Signs Prevent Accidents (Getting Results Through Traffic Engineering) 290
Traffic Light Pressure 442
Traffic Regulation by Radio (Open Discussion) 356
Uniform Signing in Canada 211
Urges Illustrations of Signs to Be of Standard Design (Letters to Editor) 261
Wichita Establishes One-Way Streets 403
Will Rogers Had Solution to Traffic Problems 207

EDUCATION
Institute of Transportation and Traffic Engineering Offers Courses 90, 244
Johannesburg Officer Advocates Traffic Course 208
New York University Offers Courses 79, 104
Roster of Long-Course Graduates 359
Tests Prove Value of High School Driver Education 407
Yale Bureau Announces Fellowships 283
Yale Bureau Enrolls Record Class in Traffic Engineering 473

FINANCE
Federal Funds for Safety 389
$150 Million for Rural Local Roads 401
Meter Funds for Parking 401
Modern Snow Removal Programs Increase Tax Revenue—Save Money 130

ILLUMINATION AND VISIBILITY
Akron Installs Biggest Street Lights 169, 242
Better Lighting Saves Lives 137
Parking Lot Thefts Decrease After Relighting 427
Self-Controlled Street Lights 233
Traffic Hazard Made Visible Eliminates Accidents (Getting Results Through Traffic Engineering) 403
Tunnel to Have Fluorescent Lighting 104
Turning Off Street Lights Is Foolish Economy 101

INSTITUTE OF TRAFFIC ENGINEERS
Annual Report of Executive Secretary 97, 135
Cleveland Receives Award Plaque (Picture) 95
Contacts With Local Sections (Secy's Column) 214, 474
Convention, 20th Annual, 1949 39, 92
Convention, 21st Annual, 1950 175, 413
Development of Basic Traffic Engineering Facts and Principles (Secy's Column) 404
First Anniversary of Enlarged TRAFFIC ENGINEERING Magazine (Editorial) 457
